Make a difference to children and have a day of golf!

Last year, more than 9,000 children in Arkansas suffered neglect, abuse or sexual abuse so severe that they were placed in foster care. More than 200,000 youth in our state survive tragedies such as the death of a parent or having a parent in prison, violence, living with someone with a substance abuse problem or someone who was mentally ill or suicidal.

Many of these children grow up to struggle with a lack of education, under or unemployment and find it challenging to live a normal adult life.

Youth like Ashley come to The Centers for Youth and Families to find compassionate healing and discover a chance for a better future. Ashley came to The Centers for outpatient counseling after trying to commit suicide. She was depressed and lacked interest in a future beyond her teenage years. Her counselor taught her to be herself and to express her feelings to those close to her. She came to The Centers every Monday and continued to learn how to live a better life. She and her mother have a much better relationship today. Ashley had the best school year of her life, playing in the band and being involved in group sports.

You can help Ashley and thousands like her by doing something you love: playing golf! Your support of the Centers Classic Golf Tournament, now in its 28th year, will provide needed support for programs at the Centers for Youth and Families that change the lives of close to 2,500 children, youth and adults in Arkansas each year.

You are invited to sponsor the 28th Annual Centers Classic Golf Tournament on Monday, October 8, at Pleasant Valley Country Club. Join us for this Columbus Day tradition!
